AOU Participates in the Global Labor Market Conference to Support Future Skills Development – Saudi Arabia

AOU participated in the Global Labor Market Conference in Saudi Arabia as part of its commitment to keeping pace with rapid changes in regional and global labor markets. The participation reaffirmed the University's active role in international discussions on the future of jobs and skills development. This engagement aligns with the University's strategic vision to better match higher education outcomes with evolving labor market needs.

The President of the University Attends the Investment Forum in Education and Training – Saudi Arabia

The President of the Arab Open University attended the Investment Forum in Education and Training in Saudi Arabia, held under the patronage of the Minister of Education and attended by the Minister of Investment. The forum brought together senior officials, university leaders, and representatives of relevant sectors to discuss opportunities for investment in education and the development of human capital.

AOU Affirms the Role of Education in Achieving Sustainable Development – Bahrain

The Arab Open University reaffirmed the vital role of education in achieving sustainable development. It highlighted education as a key driver in preparing individuals to contribute effectively to society and future needs. This vision reflects the founder's belief that the most valuable investment is in human development.

Academic and Administrative Audit Enhances the University's Readiness for Institutional Accreditation – Lebanon

The Arab Open University hosted an academic and administrative audit as part of renewing its institutional accreditation in partnership with The Open University (UK). The audit confirmed the University's readiness for accreditation renewal, approved new bachelor's programs, and recognized its progress in governance, quality assurance, and academic practices.

AOU Organizes a Sign Language Training Program to Promote Inclusive Campus Communication – Saudi Arabia

The Arab Open University organized a training program to raise awareness of basic sign language among its staff. The program aimed to enhance communication with deaf and hard-of-hearing individuals within the university environment. This initiative supports the University's commitment to inclusion, empowerment, and equal opportunities on campus.

AOU Organizes an Introductory Workshop on ICAEW Qualifications – Saudi Arabia

The Arab Open University organized an introductory workshop on ICAEW qualifications to familiarize students with professional certifications and related career opportunities. The workshop was held at the Riyadh campus and livestreamed to all university branches. It highlighted the benefits of ICAEW certifications and their role in strengthening graduates' professional skills.
