AOU Concludes Its Participation at the City Centre Bahrain Platform – Bahrain

AOU concluded its participation at the City Centre Bahrain Platform, which witnessed remarkable engagement from high school students, parents, and individuals interested in pursuing higher education. The University's team provided comprehensive information on academic programs, admission requirements, and scholarships, while also introducing the services and advantages available to students.

AOU and the Kuwait Association for the Support of Students Join Efforts to Support Students – Kuwait

AOU Director, Dr. Salah Al-Hammadi, received a delegation from the Kuwait Association for the Support of Students, headed by its Director General, Mr. Hamad Fahad Al-Maghlooth, to discuss ways of supporting and strengthening joint cooperation in the areas of student support, capacity development, and the promotion of educational initiatives.

A New Student Achievement for Arab Open University in Skills Excellence – Saudi Arabia

Student Hassan Ghazi Al-Obaidi has obtained the Student Fellowship Certificate for Excellence in Skills, in an achievement that reflects his ambition, dedication, and continuous commitment to developing his academic and professional skills. This recognition embodies the fruits of the efforts he has made throughout his educational journey, as well as his ongoing pursuit of acquiring high-quality skills that enhance his readiness for the future and strengthen his competitiveness.

AOU Launches "Takeoff to Safety" Initiative in Al-Ahsa – Al-Ahsa, Saudi Arabia

The Arab Open University launched the "Takeoff to Safety" initiative at Al-Ahsa International Airport to raise cybersecurity awareness and promote safe digital practices. The initiative highlighted key cyber risks and threats and encouraged responsible digital behavior.

AOU Launches a Student-Developed Robot in an Achievement that Embodies Innovation and Creativity – Bahrain

In a step that reflects the spirit of innovation and creativity among its students, students of AOU successfully transformed an ambitious idea into a tangible reality by designing, developing, and programming a fully integrated robot within the Artificial Intelligence (AI) Lab, under the supervision of Dr. Khaled Mansour. The project represents a distinguished educational experience that combines theoretical knowledge with practical application.

AOU Successfully Concludes Its Participation in the KEYS 2026 Careers and Universities Exhibition – Bahrain

AOU successfully concluded its participation in the KEYS 2026 Careers and Universities Exhibition, held at the Muharraq Model Youth Centre. The University's pavilion welcomed a large number of high school students, parents, and individuals interested in higher education.
