### Deans of Academic Programs Inspect Examination Halls – Headquarters

The deans of academic programs carry out daily inspections of examination halls to monitor the smooth progress of exams, address any issues promptly, and remove obstacles that may arise. These visits reflect the university's commitment to ensuring discipline and providing a supportive environment that enables students to perform their exams with ease and confidence.

### Dr. Sami Al-Mazroui Delivers Training on Data Tools and Analysis – Oman

As part of the second week of the Fourth Research Skills Forum, Dr. Sami Al-Mazroui delivered a training session on data tools and analysis, featuring practical exercises on experimental datasets and a discussion of key challenges researchers face in analyzing mixed-methods data.

### AOU Hosts Friendly Meeting Between President, Student Council, and Alumni Club – Jordan

The Student Affairs Department organized a dialogue session bringing together Prof. Tahreer Hamdi, University President, the Student Council, and the Alumni Club's board. Held in preparation for the new academic year, the meeting—attended by Dr. Samir Al-Sous, Dean of Student Affairs—provided a platform for students and alumni representatives to share their views and suggestions on upcoming activities and events.

### Closing of the 4th Research Skills Forum – Oman

The Arab Open University, in partnership with the Ministry of Higher Education, Research, and Innovation, concluded the Fourth Research Skills Forum, with 85 researchers selected from over 220 applicants to support research and foster innovation.

### “Take the Challenge” Activity Promotes Physical and Mental Health Awareness – Bahrain

Aligned with the Sustainable Development Goal of good health and well-being, the Student Counseling Unit, in collaboration with the University Clinic, organized the “Take the Challenge” event. The activity aimed to raise awareness of physical and mental health through interactive competitions, physical exercises, and group activities, fostering positivity and encouraging students to adopt a healthy, balanced lifestyle.

### Hand Drawing Workshop at Summer Camp 2025: Enhancing Youth Skills – Bahrain

As part of the 2025 Summer Camp activities, the university organized hand drawing workshops aimed at developing participants' skills in various fields. Free seats were allocated to students from the Isa bin Salman Educational Charitable Endowment and children of staff members, reinforcing the university's commitment to community service initiatives.

### Prof. Hussein Al-Kharoosi Conducts Training Workshop at the Fourth Research Skills Forum – Oman

As part of the Fourth Research Skills Forum, Prof. Hussein Al-Kharoosi delivered a practical training workshop that covered designing mixed-methods research steps and selecting the most suitable designs, with a focus on formulating research questions and identifying study samples.

### Fourth Research Skills Forum Continues with Second Group of Postgraduate Students – Oman

The Fourth Research Skills Forum at the Arab Open University continued with the participation of the second group of postgraduate students and researchers, focusing on mixed-methods research methodology to enhance the quality and reliability of studies. The event comes as part of efforts to support research and innovation in line with Oman Vision 2040.

### AOU Organizes Recreational and Cultural Trip to Ajloun Cable Car and Jerash – Jordan

The Student Affairs Department organized a recreational and cultural trip to the Ajloun Cable Car and the ancient city of Jerash, with the participation of students and faculty and staff members. The event aimed to strengthen social interaction and provide a positive, interactive environment beyond the classroom.

### AOU Participates in "My Educational Choices" and "Farewell Tawjihi" Events – Jordan

The University took part in the "My Educational Choices" and "Farewell Tawjihi" events held at the Sports City, which attracted a large number of high school students, parents, and educational institutions. The participation, led by the Community Engagement and Marketing Department, aimed to strengthen direct communication with students.

### Mr. Ali Al-Maskari Delivers Workshop at the Fourth Research Skills Forum – Oman

Mr. Ali Al-Maskari, Director of the Research and Innovation Capacity-Building Department at the Ministry of Higher Education, Research, and Innovation, conducted a workshop as part of the Fourth Research Skills Forum. He presented the ministry's programs and initiatives to support scientific research and innovation, as well as its efforts in building research and innovation capacities among participants.

### AOU Participates in National Meeting on the Future of Media Education – Jordan

The Faculty of Media and Communication, represented by Dr. Samar Mknay and a group of students, took part in a national meeting organized by the Accreditation and Quality Assurance Commission at Middle East University to discuss the future of media education in the digital era, with the presence of leading academic and media figures.
