September 2015 - August 2018

**Dean of Scientific research and
Graduate studies. Yarmouk
University- Irbid Jordan**

The main responsibility is overall leadership in graduate education and postdoctoral studies for more than 4000 students in 16 fields of knowledge. This takes the form of both planning and enacting plans. In some areas (e.g. graduate enrolment and postdoctoral scholar complement, program and student/postdoctoral development), this means forming a vision for stable growth and assembling the necessary resources to achieve the targets. In other areas (e.g. student funding), a role of facilitation is needed to ensure the

continuation of a healthy, viable and competitive graduate/postdoctoral enterprise. These facets of the position are carried out in the following specific activities.

- **Planning:** Responsibility for all graduate-related items in Faculty of Science budget (writing APF requests, graduate enrolment planning and related budget modeling) and championing these items in the competitive ranking of Faculty budgetary priorities.
- **Program Initiation and Periodic Review:** Review all Briefs for Standard Appraisal and Periodic Appraisal of graduate programs in the Faculty of Science; meet with program review consultants.
- **Committee Membership:** Chair Council of Graduate Chairs in Science meetings; Member of SGPS Graduate Education Council; Member of sub-committee(s) of GEC (e.g. Policy and Regulations, Graduate Program Review committee); Member of Steering Committees for interdisciplinary programs; Member of Prince Faisal IT Center.
